Summary of Meeting:

CCWIS Presentation

Tim Bartleman from HHS Bureau of Project Management gave a presentation on the new CCWIS system. The name of the new system is Vision. Tim reviewed several slides explaining the system. He also discussed how the system will benefit providers. Providers will be expected to enter their documentation directly into Vision. There was some concern expressed from providers about having to duplicate entries.

Update on Shelter Rate settle

Janee shared that there were 3 options for resolving the shelter payment issue. HHS will be doing an amendment to all of the shelter contracts.

Youth exchanges in facilities (shelter/QRTP)

There was discussion around the HHS worker initiating the process. Committee members discussed what happens if provider and HHS field staff disagree. Providers feel as though there needs to be increased collaboration on the provider side with making the swaps quickly. Providers and HHS are working on a proposal for the exchange.

Annual Statewide Meeting

This topic was moved to next month's meeting agenda.
